# Vitamin C

## VITAMIN C ANTI-AGING DAY FACE CREAM

For optimal effect, use with REFAN'S latest product FACIAL FILLER VITAMIN C.

A POWERFUL CONCENTRATE REDUCING WRINKLES!

An antioxidant day face cream that fights skin aging and gives it bright and radiant appearance. Enriched with:

– Vitamin C: stimulates collagen synthesis, strengthens tissues and reduces skin oxidative stress caused by environmental factors. REFAN company uses one of the most stable formulas of vitamin C, which is synthesized in a Japanese laboratory and has a proven whitening effect.

– Vitamin E: protects skin from premature aging by preventing the destruction of collagen, which keeps it smooth and elastic.

– Glycerin: restores skin elasticity and strengthens its protective barrier.

Results of a conducted USER TEST for Vitamin C day face cream:

- 100% of the users have a good tolerance for Vitamin C day face cream.

After the test, participants felt their facial skin:

- 100% softer;

- 100% evening out the complexion;

- 100% tighter oval;
