Soaps

Soaps as detergents precede all the other wash detergents. They have hygiene and healthy action and, namely, correction of a body odor and preventive skin care. Soaps possess properties even closer to the skin than those of the other cleaning detergent substances. Refan collection soaps are handmade – an amazing product that goes beyond hygienic items and represents an aesthetic cosmetic product.

TRANSPARENT (GLYCERIN) SOAPS

In recent years the so called transparent soaps, kg soaps are globally imposed due to their softness and attractive appearance. They contain glycerin, a very important ingredient. Glycerin is obtained through the fats saponification process itself. It has not only functional importance as an ingredient but also provides the pleasant softening and moisturizing effect on the skin. The soaps per kg from Refan collection are handmade – a unique product which goes out of range of the hygienic means and represents an aesthetic cosmetic product. Refan soaps per kg are composed of various natural ingredients – vegetable oils, extracts, herbs, spices, parts of plants, essential oils.
