HAND CLEANSING PRODUCTS

Deep cleansing hand gel

contain the following ingredients:

65% alcohol - with antimicrobial properties, effective against pathogens.

In order to prevent the skin of your hands from becoming dry and cracked, also contain:

marshmallow root extract - soothes the highly sensitive skin, makes it feel soft and shiny.
D-panthenol /provitamin B5/ - with moisturizing and regenerative properties.
glycerin - restores skin elasticity and strengthens its protective barrier.

Just pour a few drops onto your palms, carefully rub it all over your hands and wrists and let them dry.
The result - clean hands to stay healthy!
