

Happiness

Peeling soap-sponge

Soap with the sensuous fragrance of sweet orange and cinnamon, that creates a feeling of freshness, happiness and spirits. It contains Green tea extract and Orange essential oil, which are used as active ingredients in cosmetic products with antioxidant and refreshing effects.

The product contains:

Essential Orange oil - aphrodisiac with a strong effect on the senses. It brings warmth, vitality, happiness and sensuality. Orange oil is known as one of the oils with the strongest effects on the spirits and happiness. It has an invigorating effect and helps boost mood, protects against depression and relaxes mind after daily stress.

Green tea extract - It has gained wide popularity throughout the world due to its extremely beneficial qualities, which are due to the antioxidants called polyphenols, that it contains. These are mainly catechins. Thanks to these ingredients, green tea extract acts favorably against harmful effects of the UV rays, protects against skin premature aging, and has an anti-inflammatory effect.
