

Vitamin C

VITAMIN C ANTI-AGING NIGHT FACE CREAM

For optimal effect, use with REFAN'S latest product FACIAL FILLER VITAMIN C.

A POWERFUL CONCENTRATE REDUCING WRINKLES!

An antioxidant night face cream that fights skin aging and gives it bright and radiant appearance.

Enriched with:

- Vitamin C: stimulates collagen synthesis, strengthens tissues and reduces skin oxidative stress caused by environmental factors. REFAN company uses one of the most stable formulas of vitamin C, which is synthesized in a Japanese laboratory and has a proven whitening effect.

- Olive squalane: nourishes skin at night and improves its elasticity;

- Vitamin E: protects skin from premature aging by preventing the collagen destruction;

- Glycerin: restores skin's elasticity and strengthens its protective barrier.

Results of a conducted USER TEST for Vitamin C day face cream:

- 100% of the users have a good tolerance for Vitamin C day face cream;

After the test, participants felt their facial skin:

- 100% softer;
