REFAN INTENSE eau de PARFUM

When we choose perfumes we want to keep abreast of the fashion and, at the same time to be special and unique – therefore it is necessary to properly select them.
If you still haven't found your fragrance among the great perfumery abundance, do not hesitate and select at least one of the staggering emblematic perfumes.
REFAN INTENSE eau de PARFUM. Their new and attractive packaging gives them a luxurious vision and turns them into real perfume jewelry and exquisite gift.
The new trends in the world of perfumes - "extreme" and "intense " - other than the well-known classics, provide an escape from boredom and a return to the mystery of nature. These are long-lasting fragrances with increased intensity and enriched composition with accented floral freshness or spices, juicy fruit notes or marked warm basic woody notes.
The higher concentration and new remixes of the favorite perfumes keep abreast with the hectic modern world of strong emotions, and they are designed for those who seek for new sensual experiences.
These ultra-modern fragrances fully meet the fashion trends and further underline the individual charm, create joyful emotions, improve mood, increase confidence.
