Herbal soap

Herbal soap enriched with Orange essential oil and Green tea extract. A fragrant piece of nature in your bathroom. Soap with the warm fragrance of cedar wood, fresh citrus and spices. It contains Green tea extract and Orange essential oil, which are used as active ingredients in cosmetic products with antioxidant and refreshing effects.

The product contains:

Essential Orange oil - aphrodisiac with a strong effect on the senses. It brings warmth, vitality, happiness and sensuality. Orange oil is known as one of the oils with the strongest effects on the spirits and happiness. It has an invigorating effect and helps boost mood, protects against depression and relaxes mind after daily stress.

Green tea extract - It has gained wide popularity throughout the world due to its extremely beneficial qualities, which are due to the antioxidants called polyphenols, that it contains. These are mainly catechins. Thanks to these ingredients, green tea extract acts favorably against harmful effects of the UV rays, protects against skin premature aging, and has an anti-inflammatory effect.
