Facial Fillers

NIACINAMIDE FACIAL FILLER

Niacinamide regulates the production of facial sebum, speeds up the skin renewal process by stimulating collagen and elastin formation. It normalizes the functions of dry skin, makes pores appear less visible and brightens up skin complexion. Also known as Vitamin B3 and Vitamin PP. The filler can be used separately or before applying the day or night face cream. It can be used in combination with the products of ANTISTRESS Series of REFAN. For optimal result it is recommended to apply the filler before applying the cream.

Use: Apply 2-3 drops onto clean and dry facial skin in the morning and before bedtime, avoiding eye area.
