

REFAN INTENSE

Perfumed deodorant for women

The aromas that are floating around us live in our memories for many years: blooming spring flowers, freshly cut grass, pine forest, azure sea.

Reminiscence of that wonderful and mysterious thing that has awoken our senses since the world began. That is why we have created the new Perfume deodorants with these extraordinary scents that make us attractive and fascinating in a new way.

They are designed as a natural body spray with the most refined and exquisite fragrances, providing an intensive, exciting and long-lasting trace.

A special formula, enriched with vitamin E and glycerin, with deodorizing, hydrating and softening properties. Gentle on the skin and pH-balanced they provide a feeling of freshness, a sensation of energy and optimism, a touch of romance and charm.
