

Facial Fillers

HYALURONIC ACID FACIAL FILLER

The high concentration of hyaluronic acid provides skin with long-lasting hydration, regenerates skin cells, improves elasticity and soothes fine lines and wrinkles. An important component of the connective tissue that fills the intercellular space. The filler can be used separately or in combination with the products of HYALURONIC ACID Series - day face cream, night face cream and facial serum. For optimal result it is recommended to apply the filler before applying the cream.

Use: Apply 2-3 drops onto clean and dry facial skin in the morning and before bedtime, avoiding eye area.
